Collingwood Optimist Youth Soccer
Player Rating Sheet

2007 Team Coaches:

Here is your Player Rating Sheet for the 2007 season. Please complete it and return to me as soon as possible.

To assist us in preparing for the 2008 season draft please rate the players from your 2007 team against other players in the league of the exact same age (i.e. a child born in 1992 should be rated against other children born in 1992)

Coaches should rate players from **1** to **10** where 1 is the lowest rating, 5 is an average rating and 10 would be the top few in their age group that can have a significant impact on a game.

Coaches Name: _____ Division: **U** _____
Team Name: _____

Player's Name	Year of Birth	Rating

If you have any questions about the rating process, please call the soccer office at 705-446-1550. or email pmcfarlane@rogers.com

Thank you in advance for helping our league become so successful,

Peter McFarlane, the stats guy
